

*** Patel Integrated Logistics (PIL) (Rs.64)** is the merged company of Patel Roadways and Patel on Board Couriers (POBC). PIL provides unified solutions through door-to-door express cargo service, surface transport and air and sea transportation besides offering services in warehousing and secondary distribution. Its commitment to quality, uncanny ability to innovate and its fierce determination to protect the business interests of its customers gives it the cutting edge. The company is branched into 8 products to attain leadership position in its segment.

It has entered the business of Express Cargo Deliveries only 6-9 months ago and has already, in a short period, clocked a turnover of nearly

Rs.15 cr. annually and expects to take to nearly Rs.100 cr. in 3 years.

The company has announced the acquisition of 24 Line Haul Trucks as a part of its strategy to grow its Patel Retail (Express Operations & Time Definite Services). The new trucks acquired include 4 X 6.00 Tonners, 12 X 9.00 Tonners and 8 X 16.00 Tonners trucks.

There are indications of new developments in the company. There is talk of inviting strategic investors. With its vast infrastructure, state-of-the-art technology, professional work force and variety of products, the company is well-poised to take advantage of such positives.

The stock is catching the attention of market players. Stay invested for better times ahead.
